Instructions

Place your Portable Number Line on the front edge of your stage, against the mirrors in your dance studio, or at the downstage edge of your playing space.

Taping to the floor

- The Portable Number Line 2.0 can be taped at any point along the line, except over the numbers.
- Gaff tape is recommended.
- Unroll and center the line.
- Remove the cardboard core and set aside.
- Tape your line on either side of 0, then secure the ends and spots between.
- **Do not put tape over the numbers.**

Storage

- Remove any tape.
- Attach the core via velcro.
- Roll with the numbers on the inside. This will protect the numbers.
- Adhere the end with the attached velcro. Make sure it is rolled up tightly.

**Use caution if stepping over the line,
as it can be a tripping hazard or may tear the line.
Standing or dancing on the line is not recommended.
By purchasing a Portable Number Line, you are assuming any risk.**
